

This class is designed to be the second part of the Blue Card Incident Command Training. Prior to taking this class, all students must complete the 50 hour online training provided through BlueCardCommand.com.

This is a 24 hour class (3- 8 hour days) that will develop and strengthen your practical understanding of the Incident Command System. Classroom discussion and then a significant time spent on doing actual table top incidents using simulation technology.

Upon completion, the student will be issued a Blue Card Incident Commander Certification Card from the program.

Simulation incidents include:

- Single Family
- Muti-family
- Strip Malls
- Commercial Occupancies
- Big Box structures

Tuition Includes:

continental breakfast, a working lunch and a snack.
