ADOPT-A-HYDRANT WE CAN ALWAYS USE YOUR HELP!

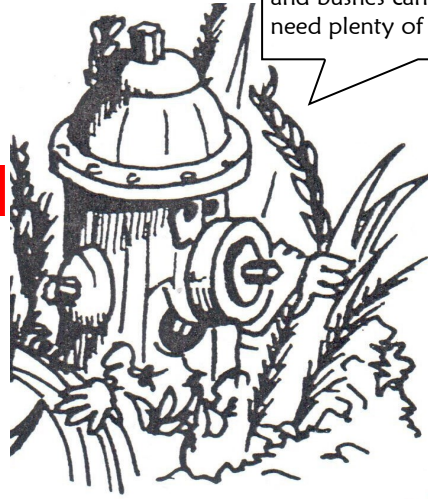

HELP! I need someone to clear all this snow off! There may be a fire nearby, and the firemen will never find me!

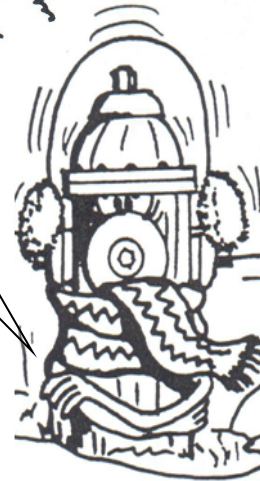

In the winter I need a clear path through the snow to the street. In case of a fire on your block, the firemen will have to get to me quick!

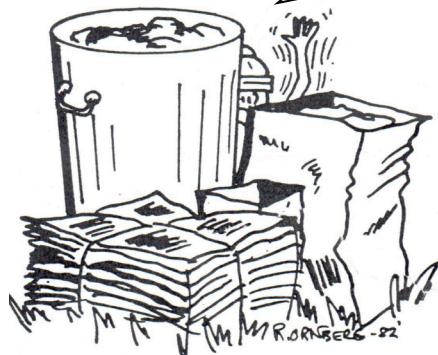

How do you take care of me? Well for one thing, high weeds and bushes can really crowd me! I need plenty of elbow room!

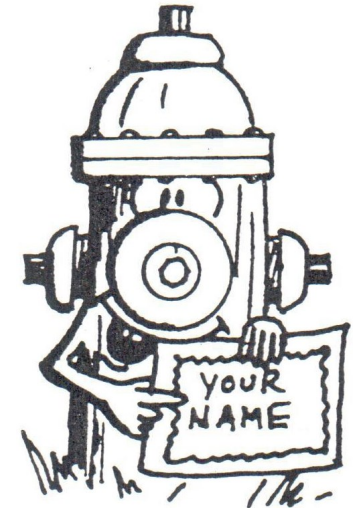

BRRR...I don't really mind the cold, but if I'm leaking anywhere, I can freeze up like an ice cube. Then I'll be no good for anything or anybody!

HEY! HERE I AM!! BEHIND ALL THIS TRASH! How could the firemen find me in a hurry? Besides, you won't be able to keep an eye on me this way.

Know what? If you adopt me—or one of my sisters — Countryside Fire Protection will send you an Adoption Certificate with your name on it and the location of the hydrant you adopt!

Dear Firefighters,

I would like to help the Fire Department protect lives and property by adopting the fire hydrant located at:

_____ (nearest street)

My name is: _____

_____ (first, last name)

I live at: _____

_____ (street address)

_____ (city, state, zip)

CUT ALONG DOTTED LINE & DROP OFF OR MAIL BACK TO CFPD: 600 N. DEERPATH DR., VERNON HILLS, IL 60061
